**TRAINING OVERVIEW**

**COURSE DESCRIPTION**

*The Corporate Security Management Studies provides participants with a comprehensive overview of corporate security management, strategic security structures, concepts, and principles. It focuses on the evolution of security technology, global risk and physical security trends, and emergency planning and crisis management. Participants learn how to plan and manage security budgets, counter corporate espionage, and apply risk mitigation strategies. The course emphasizes the strategic positioning of the corporate security function and its collaboration with other business units.*

*Taking the Corporate Security Management Studies offers several benefits:*

- Enhanced Knowledge and Skills in Corporate Security Management*
- Practical Relevance to Address Global Security Trends and Threats*
- Business Resiliency through Emergency Planning and Crisis Management*
- Budget Management Proficiency and Business Continuity Management Skills*
- Counter-Espionage and Risk Mitigation Expertise*

**COURSE OBJECTIVE:**

*Upon completing this course, participants will be able to:*

- Develop a Security Management Framework using strategic security structures, concepts, and principles.*
- Analyze and correlate Global Risk and Physical Security Trends to address prevailing security threats.*

- *Plan, manage, and present Security Budgets to demonstrate return on investment for security measures.*
- *Implement counter-espionage programs to address corporate, industrial, and economic espionage risks.*
- *Foster strategic positioning of Corporate Security within organizations through collaboration with other business units.*
- *Apply risk mitigation strategies using analytical approaches, risk transfer, acceptance, avoidance, and mitigation.*
- *Effectively communicate security-related matters to C-Suite Leadership using the "Risk Language."*
- *Understand the role of Business Continuity Management in emergency planning and crisis management to safeguard organizational resiliency and survival during critical incidents.*

**SUITABLE FOR:**

- ✓ *Campus and Corporate Security Managers and Executives*
- ✓ *Facility and Real Estate Managers and Executives*
- ✓ *Corporate Security Personnel*
- ✓ *Security Practitioners in Mid-Level to Top-Level Positions*
- ✓ *Public Sector Professionals*

**TRAINING METHODOLOGY:**

*A highly interactive combination of lectures and discussion sessions will be managed to maximize the amount and quality of information and knowledge transfer. The sessions will start by raising the most relevant questions and motivating everybody to find the right answers. You will also be encouraged to raise your own questions and to share in the development of the right answers using your own analysis and experiences. Tests of multiple-choice type will be made available on a daily basis to examine the effectiveness of delivering the course.*
