COURSE OVERVIEW
COURSE DESCRIPTION
This course is designed to develop future-ready security leaders by strengthening their knowledge of security principles, leadership skills, and strategic thinking. It blends operational know-how with leadership development, ethics, communication, and critical decision-making.

COURSE OBJECTIVES:
To build a strong foundation in security operations, leadership strategy, and ethical decision-making, preparing participants to take on or advance in security leadership roles in corporate, institutional, or government environments.

SUITABLE FOR:
- ✓ *Security Supervisors & Team Leads*
- ✓ *Aspiring or New Security Managers*
- ✓ *Senior Security Officers*
- ✓ *Risk & Safety Coordinators*
- ✓ *Professionals transitioning into security leadership*

TRAINING METHODOLOGY:
A highly interactive combination of lectures and discussion sessions will be managed to maximize the amount and quality of information and knowledge transfer. The sessions will start by raising the most relevant questions, and motivate everybody find the right answers. You will also be encouraged to raise your own questions and to share in the development of

the right answers using your own analysis and experiences. Tests of multiple-choice type will be made available on daily basis to examine the effectiveness of delivering the course. Very useful Course Materials will be given.
